

ORDINANCE NO. 01-46

DRI #18, RIVER CLUB PARK OF COMMERCE

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MANATEE COUNTY, FLORIDA, RENDERING A DEVELOPMENT ORDER PURSUANT TO CHAPTER 380, FLORIDA STATUTES, ON AN APPLICATION FOR DEVELOPMENT APPROVAL (ADA) FOR A SUBSTANTIAL DEVIATION TO AN EXISTING DEVELOPMENT OF REGIONAL IMPACT (DRI) FILED BY MANATEE JOINT VENTURE FOR THE TRACT II ADDITION (RIVER CLUB PARK OF COMMERCE) AND A PORTION OF TRACT I (A FOUR ACRE OUT PARCEL) OF THE RIVER CLUB DEVELOPMENT OF REGIONAL IMPACT; TBRPC DRI #239; PROVIDING FOR DEVELOPMENT APPROVAL, CONDITIONS, AND OBLIGATIONS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Manatee Joint Venture previously received approval of a Development of Regional Impact (DRI) known as River Club DRI (AKA River Club Residential*) located in Manatee County; and

WHEREAS, the amended DRI Development Order for the existing River Club DRI in Manatee County is Resolution R-89-243, as amended by Resolutions R-92-27 and R-93-238; and

WHEREAS, On June 14, 1988, and prior to approval of the Development Order for the River Club DRI, a Settlement Agreement* was entered into between the Florida Department of Community Affairs, Tampa Bay Regional Planning Council, Manatee Joint Venture, Pursley Properties, Inc., and D'Urso Communities concerning aggregation and development of River Club, and a small parcel on SR 70; and

WHEREAS, the Settlement Agreement* included a ±245 acre portion of River Club identified as Tract II; and

WHEREAS, the Settlement Agreement* provided that Tract II* shall undergo DRI review and that the Owner* of Tract II* shall have the option of either submitting an ADA* for Tract II* only, or submitting a Substantial Deviation ADA* to the Development Order issued for Tract I* and Braden Woods; and

WHEREAS, the Settlement Agreement* specified that the traffic impacts of Tract I, River Club Residential* and the Braden Woods subdivision be included as part of project traffic to the Tract II, River Club Park of Commerce* development; and

WHEREAS, on April 26, 1990, a Credit Agreement was entered into between Manatee Joint Venture and Manatee County [No. CR-88-01(P)] as to parks and recreation impact fee credits; and

WHEREAS, on May 23, 1995, an Impact Fee Credit Agreement was entered into between Manatee Joint Venture and Manatee County [River Club LDA-93-03(R)] as to transportation impact fee credits; and

WHEREAS, on December 8, 1999, Manatee Joint Venture filed a Substantial Deviation ADA* to the Development Order issued for Tract I* and Braden Woods to allow new development on Tract II* (a.k.a. River Club Park of Commerce*) and the Tract I Four Acre Out Parcel*, in accordance with the options provided in the Settlement Agreement* for: 325,000 square feet of retail and service development; 100,000 square foot furniture store; 325,000 square feet of office; 60,000 square feet of mini-warehouses; 270 motel rooms; 2 single-family residential lots (Four Acre Out Parcel* of Tract I); 450 multi-family units; and a group care home for 300 persons; and

WHEREAS, the County and Manatee Joint Venture have agreed for administrative purposes that River Club Tract II* (River Club Park of Commerce*) and a portion of River Club Tract I* (the Four Acre Out Parcel*) shall be governed by its own Development Order; and

WHEREAS, the Tampa Bay Regional Planning Council, Florida Department of Community Affairs, and Manatee County were provided copies of the ADA* by Manatee Joint Venture and were, therefore, afforded the opportunity to comment on the proposed changes; and

WHEREAS, a companion amendment to the existing DRI Development Order (Resolution R-89-243, as amended by Resolutions R-92-27 and R-93-238) is being simultaneously processed to amend the Development Order for the existing River Club DRI as Resolution R-01-158; and

WHEREAS, the described Project* lies within the unincorporated area of Manatee County; and

WHEREAS, the Board of County Commissioners as the governing body of the local government having jurisdiction pursuant to Section 380.06, Florida Statutes, has the statutory authority to consider and approve an ADA* for a DRI; and

WHEREAS, the public notice requirements of Manatee County and Chapter 380, Florida Statutes, have been adhered to and satisfied; and

WHEREAS, the Manatee County Planning Commission has reviewed the ADA* and Sufficiency Responses, and filed a recommendation on the ADA* with the Board of County Commissioners; and

WHEREAS, the Board of County Commissioners has received and considered the report and recommendation of the Tampa Bay Regional Planning Council (TBRPC); and

WHEREAS, the Board of County Commissioners held a duly noticed public hearing on December 4, 2001 on the ADA* and has solicited, received, and considered all testimony reports, comments, evidence, and recommendations from interested citizens, County agencies, the applicant, and the review and report of the Manatee County Planning Department.

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MANATEE COUNTY, FLORIDA:

SECTION 1. NEW DEVELOPMENT ORDER FOR TRACT II

This Ordinance establishes a new Development Order for River Club Tract II* and a portion of River Club Tract I* (Four Acre Out Parcel*) not previously encompassed by a DRI Development Order.

The Development Order for Tract II and a portion of Tract I Substantial Deviation, subject to the conditions contained in this order, adequately addresses the impact of the proposed changes.

The original Development Order (R-89-243) for River Club Residential* in Manatee County was adopted on November 30, 1989 and subsequently amended, in part, by Resolution R-92-27 and Resolution R-93-238. Resolution R-89-243, as amended by Resolutions R-92-27 and R-93-238, is not amended or superseded by this Ordinance and remains in full force and effect for River Club Residential* [as legally described in Section 6 Legal Description of Resolution R-89-243] except as may be amended by separate resolution.

SECTION 2. FINDINGS OF FACT

The Board of County Commissioners, after considering the testimony, evidence, documentation, ADA* (with their sufficiency responses), the recommendation and findings of the Planning Commission, and all other matters presented to the Board of County Commissioners at the public hearing, hereby makes the following findings of fact:

- A. All "**WHEREAS**" clauses preceding Section 1 of this Ordinance are adopted as findings of fact.
- B. On December 8, 1999, Manatee Joint Venture, submitted an Application for Development Approval* (ADA*) for a Substantial Deviation to a Development of Regional Impact (DRI), for the River Club Tract II* addition (hereinafter River Club Park of Commerce*) and a portion of Tract I (hereinafter Four Acre Out Parcel*) to Manatee County, TBRPC, and DCA, to allow the following:
 - 1. 425,000 square feet of retail and service development (including 100,000 square foot furniture store);

2. 325,000 square feet of office;
3. 60,000 square feet of mini-warehouses;
4. 270 motel rooms;
5. 2 single-family residential lots (Four Acre Out Parcel* of Tract I);
6. 450 multi-family units; and
7. Group care facilities for 300 beds.

Subsequently, Manatee Joint Venture conveyed its interest in Tract II to River Club Properties, Inc. and PG Farms, Inc.

C. The following information and commitments submitted by Manatee Joint Venture, River Club Properties, Inc., and PG Farms, Inc. are hereby incorporated in this Development Order by reference:

1. Substantial Deviation Application for Development Approval*(ADA*): received December 10, 1999.
2. Substantial Deviation (ADA*) First sufficiency response: received April 18, 2000.
3. Substantial Deviation (ADA*) Second sufficiency response: received November 13, 2000.
4. Substantial Deviation (ADA*) Third sufficiency response: received March 8, 2001.
5. Substantial Deviation (ADA*) Fourth sufficiency response: received May 15, 2001.

D. In construing and enforcing the provisions of the documents incorporated in this Development Order by Section 2.C. above, the following shall apply:

1. The Development Order shall control over any incorporated document in conflict or inconsistent with its terms.
2. The most recent response of Manatee Joint Venture, River Club Properties, Inc., and PG Farms, Inc. in the referenced document shall control over previous response, whenever there is a conflict, otherwise the responses shall be considered cumulative.
3. Any information, commitments, or impact mitigating provisions in the above-referenced documents which are inconsistent with the specific conditions set forth in this ordinance and the exhibits hereto, shall be deemed superseded and inapplicable.

E. The real property, which is the subject of this application is entitled River Club Tract II* (hereinafter River Club Park of Commerce*) and a portion of River Club Tract I*(hereinafter Four Acre Out Parcel*) which consists of approximately 249.60 acres, and is located within unincorporated Manatee County and is described in Section 6 of this Development Order.

- F. The Owner* of River Club Park of Commerce* is River Club Properties, Inc. and PG Farms, Inc. The Owner* of the Four Acre Out Parcel* is Manatee Joint Venture.
- G. The authorized agent for Manatee Joint Venture, River Club Properties, Inc., and PG Farms Inc. is William Ockunzzi, 1516 First Street, Suite Three, Indian Rocks Beach, FL 33785.
- H. A comprehensive review of the impact generated by development of River Club Park of Commerce* and the Four Acre Out Parcel* has been conducted by the departments of Manatee County and TBRPC.
- I. The Developer* for purposes of this application is Manatee Joint Venture, River Club Properties, Inc., and PG Farms, Inc.
- J. The Project* is not in an Area of Critical State Concern, as designated pursuant to Section 380.05, Florida Statutes.
- K. On June 22, 1998, a pre-application meeting was held for the proposed Substantial Deviation DRI, at which time the Tampa Bay Regional Planning Council agreed to the elimination of standard ADA* questions 16, 23, and 31 through 38.
- L. On June 15, 2001, the Tampa Bay Regional Planning Council notified Manatee County that the Substantial Deviation ADA* for River Club Park of Commerce* and the Four Acre Out Parcel* was sufficient and directed the County to set the local public hearing dates, pursuant to Subsection 380.06(11)(d), Florida Statutes. On June 20, 2001, Manatee Joint Venture, River Club Properties, Inc., and PG Farms Inc. waived the 90 day requirement for setting the public hearing, allowing for an additional 30 days. Manatee County scheduled the public hearings for October 11, 2001 (Planning Commission) and October 23, 2001 (Board of County Commissioners).
- M. On August 13, 2001, the Tampa Bay Regional Planning Council held a duly noticed public meeting on the Substantial Deviation ADA*, received all pertinent testimony and evidence, and pursuant to Section 380.06(12), Florida Statutes, issued a report recommending approval of the proposed Substantial Deviation.
- N. The Tampa Bay Regional Planning Council found that there are no Natural Resources of Regional Significance on the site as depicted in *Future of the Region, A Strategic Regional Policy Plan for the Tampa Bay Region*.
- O. On October 11, 2001, the Manatee County Planning Commission held a duly noticed public hearing on the Substantial Deviation ADA* for River Club Park of Commerce* and the Four Acre Out Parcel*, received all pertinent testimony and evidence, including the Tampa Bay Regional Planning Council report and

recommendations, and recommended approval of the Substantial Deviation ADA* as conditioned herein.

- P. The Board of County Commissioners has received and considered the report of the Manatee County Planning Commission concerning River Club Park of Commerce* and the Four Acre Out Parcel* of the River Club DRI and the Application for a General Development Plan [PDMU-99-02(G) and PDR-01-17(Z)(G)] as it relates to the real property described in Section 6 of this Ordinance.
- Q. On October 23, 2001 the Board of County Commissioners held a public hearing regarding the Application for Development Approval* for River Club Park of Commerce* and the Four Acre Out Parcel* of the River Club DRI, in accordance with the requirements of the Manatee County Land Development Code (Ordinance 90-01, as amended), and the 2020 Manatee County Comprehensive Plan (Ordinance 89-01, as amended), and has further considered the testimony, comments, and information received at the public hearing.
- R. The proposed additional development of River Club Park of Commerce* and the Four Acre Out Parcel* regarding the property described in Section 6 herein is found to be consistent with the requirements of The 2020 Manatee County Comprehensive Plan, The Manatee County Land Development Code, and the Development conditions specified in Section 5 below.

SECTION 3. CONCLUSIONS OF LAW

Based upon the previous findings of fact and the following conditions of the Development Order approval, the Board of County Commissioners of Manatee County concluded that:

- A. The development of River Club Park of Commerce* and the Four Acre Out Parcel* is consistent with the local land development regulations, the State Comprehensive Plan, the Comprehensive Regional Policy Plan, and the 2020 Manatee County Comprehensive Plan (Ordinance 89-01, as amended).
- B. The development of River Club Park of Commerce* and the Four Acre Out Parcel* is consistent with the report and recommendations of the TBRPC issued on August 13, 2001, as conditioned herein.
- C. These proceedings have been duly conducted pursuant to applicable laws and regulations, and based upon the record in these proceedings, the Developer* is authorized to conduct development as described herein, subject to the conditions, restrictions, and limitations set forth below.
- D. The review by the County, TBRPC, other participating agencies, and interested citizens reveals that impacts of the development amendments described in the

ADA* for River Club Park of Commerce* and the Four Acre Out Parcel* are adequately addressed pursuant to the requirements of Chapter 380, Florida Statutes, within the terms and conditions of this Development Order. To the extent that the ADA* is inconsistent with the terms and conditions of this Development Order, the terms and conditions of this Development Order shall prevail. A summary of the development covered by this Development Order is included as Table 1.

- E. The River Club Park of Commerce* and Four Acre Out Parcel* development does not unreasonably interfere with the achievement of the objectives of the Adopted State Land Development Plan applicable to the area.

SECTION 4. DEFINITIONS

- A. "Acceptable Level of Service" shall, for links and intersections in Manatee County, Florida, mean Level of Service "C" on an average daily basis, or "D" on a peak hour basis, as provided in the Land Development Code. Level of Service "D" shall be measured on a peak hour basis as determined by the Highway Capacity Manual or the most current manual and computer software version in accordance with guidelines acceptable to Manatee County. Level of Service "C" capacity on an average daily basis shall be calculated either as 10 times the peak hour Level of Service "D" capacity, or if actual data is available to determine the "K" factor (please refer to the Florida Department of Transportation Planning and Statistics Department), then on the basis of the "K" factor.
- B. "Application" and "Application for Development Approval*" or "ADA*" shall mean the River Club Park of Commerce Development of Regional Impact (DRI) Application for Development Approval* received on December 8, 1999 and four sufficiency responses received on April 18, 2000, November 13, 2000, March 8, 2001, and May 15, 2001, respectively; and all information submitted by the Developer* in response to the sufficiency reviews of state, regional, and local agencies.
- C. "Best Management Practices" shall mean the practices which are technologically and economically feasible in abating pollution generated by point and non-point sources, to a level compatible with water quality and quantity objectives of the Land Development Code.
- D. "Concurrent" shall mean that public facilities and services are available within a "reasonable time frame", as defined in the Manatee County Comprehensive Plan, to serve/mitigate the Development's impacts. A reasonable time frame for transportation facilities shall be roadways or roadway improvements that are scheduled for construction completion within the first two years of the Manatee County Comprehensive Plan Capital Improvements Element, or roadways or roadway improvements currently under construction or scheduled for construction

completion within the current year plus one year of FDOT's Adopted Five-Year Work Program. In addition, roadways or roadway improvements to be constructed pursuant to a local government development agreement shall be deemed to be within a reasonable time frame if the agreement is in compliance with the standards of Rule 9J-5.0055(2)(a)4., F.A.C. and the agreement guarantees that the necessary facilities will be in place when the impacts of the development occur.

- E. "County" shall mean the Board of County Commissioners for Manatee County, or their designee(s).
- F. "County Transportation Authority" shall mean the County Department responsible for roadway approvals.
- G. "Developer" shall mean Manatee Joint Venture, River Club Properties, Inc., and PG Farms Inc., their heirs, assigns, designees, agents, and designated successors in interest as to the River Club Park of Commerce* and the Four Acre Out Parcel* DRI.
- H. "Development Approval*" shall mean any approval for development granted through this DRI Development Order, the Preliminary Site Plan*, Preliminary Plat, Final Plat, or Final Site Plan process or Construction Drawing approval where site plans or subdivision plats are not required.
- I. "Four Acre Out Parcel" (AKA Tract I Four Acre Out Parcel*), shall mean that portion of Tract I* of River Club, located at the southeast intersection of State Road 70 and Braden Run, as described in Section 6.
- J. "Funding Commitments" shall mean to assure completion of any improvement required by this Development Order, or any combination of the following:
 - 1. binding commitments for actual construction with a posting of a cash bond, irrevocable letter of credit, or other financial instrument, in a form satisfactory to the County; or
 - 2. actual construction; or
 - 3. the placement of the improvements in the capital improvements work plan of a responsible entity for construction during the fiscal year when the improvement is required, as long as the improvement is within the first two years of the responsible entity's work plan at the time of Preliminary Site Plan* approval of a subphase or phase; or
 - 4. a local development agreement as defined by Florida Statutes or the Land Development Code. The funding commitment shall guarantee that the

improvement will be in place when needed or concurrent with the expected impacts of the development.

- K. "Horizontal Development" shall mean and shall be deemed to include the construction of any and all improvements required to serve Vertical Development* (e.g., roadways, drainage, water, sewer, communications, utilities, etc.).
- L. "Master Development Plan*" shall mean Map H, dated May 16, 2001, attached as Exhibit "A" and incorporated by reference.
- M. "Owner*" shall mean Manatee Joint Venture, River Club Properties, Inc., and PG Farms Inc., their heirs assigns, designees, agents, and successors in interest as to the River Club DRI.
- N. "Preliminary Site Plan" (PSP) shall mean a Preliminary Site Plan* for a Phase or Sub-Phase as defined in The Manatee County Land Development Code (Ordinance 90-01, as amended).
- O. "Project" shall mean the land uses by area, square footage, and density described in the ADA* to be constructed on the real property described in Section 6 herein.
- P. "River Club Park of Commerce" shall mean the real property as described in Section 6 herein.
- Q. "River Club Residential" shall mean all portions of the River Club DRI which are described in Section 6 of Resolution R-89-243, as amended by Resolutions R-92-27, R-93-238, and R-01-158.
- R. "River Club Tract I" shall mean that portion of the River Club DRI which consists of: 1) River Club Residential*, and 2) the Four Acre Out Parcel*, both as defined herein.
- S. "River Club Tract II" shall mean the that portion of the River Club DRI which consists of River Club Park of Commerce*.*
- T. "Settlement Agreement" shall mean that agreement entered into between the Florida Department of Community Affairs, Tampa Bay Regional Planning Council, Manatee Joint Venture, Pursley Properties, Inc., and D'Urso Communities on June 14, 1988, concerning aggregation and development of River Club, and a small parcel on State Road 70, known as the Four Acre Out Parcel*.
- U. "Total p.m. Peak Hour Project Trips" shall mean the total number of vehicle trips that come in or go out of a development project site via all access points during the weekday p.m. peak hour of the adjacent street traffic.

- V. "Tract I," (AKA River Club Tract I*) shall mean that portion of River Club DRI which consists of: 1) River Club Residential*, and 2) the Four Acre Out Parcel*, both as defined herein.
- W. "Tract I Four Acre Out Parcel," (AKA Four Acre Out Parcel*) shall mean that portion of Tract I* of River Club, at the southeast intersection of State Road 70 and Braden Run, as described in Section 6.
- X. "Tract II," (AKA River Club Tract II*) shall mean that portion of River Club DRI which consists of River Club Park of Commerce.*
- Y. "Transportation Impact Area" shall be defined as the roadway segments and intersections receiving transportation impacts where the cumulative traffic generated by this Project* will be four and a half (4½%) or more of the Manatee County adopted Level of Service. This area is generally depicted on Figure 21-1 which was submitted with the 2nd Sufficiency Response.
- Z. "Vertical Development" or "Vertical Construction" shall mean and be deemed to include the construction of or the addition to any existing structure.
- AA. "Warranted" shall mean a determination by the County based on generally accepted transportation engineering practices that the Acceptable Level of Service* cannot be maintained on a roadway segment or intersection without the construction of a transportation improvement required by this Development Order. All reserved vehicle trips on the roadway segment or intersection shall be counted regardless of their source in making this determination.
- BB. "Wetland*" shall mean any wetland under the jurisdictional limits defined by Chapter 62-340, Florida Administrative Code, and implemented by the Florida Department of Environmental Protection, or as defined by Chapter 40D-4, FAC, and implemented by the Southwest Florida Water Management District.

The definitions contained in Chapter 380, Florida Statutes, shall apply to this Development Order.

Note: An asterisk (*) in the text of this Development Order denotes that the word is defined.

SECTION 5. DEVELOPMENT CONDITIONS

A. DEVELOPMENT APPROVAL* AND LEVEL OF SERVICE CERTIFICATE CONDITIONS

- A(1). This Development Order shall constitute approval of the ADA* for River Club Park of Commerce* subject to the conditions set forth herein and shall be limited to the development amounts set forth in Table 1, below.

This Development Order shall constitute approval of the ADA* for the Four Acre Out Parcel* subject to the conditions set forth in Section 5, N(1) only and shall be limited to two single-family dwelling units and recreation/open space.

- A(2). Development may occur at those locations identified on Map H (Exhibit A) in accordance with the permissible range of land uses within that Tract, provided all conditions of this Development Order are adhered to and the specific amount and type of Vertical Development* proposed is concurrent with all necessary infrastructure improvements.

* Includes only the lot area and not associated open space in the Four Acre Out Parcel

- A(3). The development totals specified with Table 1 above are approved subject to the conditions found within the Development Order and the transportation improvements required by Stipulation B(1) and Table 4. The Developer* has demonstrated the availability of adequate infrastructure and the ability to meet

Acceptable Levels of Service for roadways, potable water, waste water service, solid waste service, mass transit, drainage, and parks and recreation provided that the maximum cumulative totals for the project do not exceed the following thresholds:

1,643 Total P.M. Peak Hour Project Trips*
267,000 gallons of potable water per day
230,900 gallons of waste water per day

(See Attached Exhibit E)

The Certificate of Level of Service shall be valid until October 23, 2006.

- A(4). Prior to expiration of the Certificate of Level of Service (October 23, 2006) granted under Stipulation A(3) above, any Preliminary Site Plans* for development that cumulatively, with previously approved Preliminary Site Plans*, exceed any of the thresholds established in A(3) above shall be subject to review and approval of a new concurrency analysis for traffic, water, and wastewater and the issuance of a revised Level of Service Certificate. Any transportation analysis resulting in additional roadway or intersection improvements shall be approved by the Board of County Commissioners at an advertised public hearing. The County has no obligation to approve any development totals that would require triple left turn lanes at the northbound exiting intersection of 87th Street East and State Road 70.
- A(5). Every Preliminary Site Plan submitted to Manatee County shall contain a summary table of approved land uses to date, their corresponding total number of p.m. peak hour project trips*expected to be generated (based upon the 6th Edition of the ITE Trip Generation Manual), and the cumulative totals of approved land uses, trip generation, potable water and wastewater usage for River Club Park of Commerce*. This table shall be adjusted annually to reflect trips counted and reflected in the Annual Monitoring Report.
- A(6). All development which does not have a building permit prior to October 23, 2006 shall be subject to review and approval of a concurrency analysis.
- A(7). Tradeoffs between the land uses set forth in Table 1 may be granted by the Board of County Commissioners with an amendment to the General Development Plan approved by the Board along with a traffic study addressing any changes in trip generation, distribution, average queue length at intersections, and any mitigation necessary as a result of the tradeoff (Note: Even if the trip generation estimates as a result of the tradeoff are less than or equal to what was previously approved, a traffic study shall still be required to address the change in entering and exiting percentages, and consequently other measures of effectiveness). The Board and staff have not reviewed any such "tradeoff" and have not determined whether any

"tradeoff" is appropriate. Any proposal for a "tradeoff" shall be reviewed for compliance with the provisions of this Development Order, the Manatee County Land Development Code, and the Manatee County Comprehensive Plan. The developer shall also be required to demonstrate that 1) the quantities of solid waste generated, potable water consumed, and wastewater, and 2) the impacts to the County Parks, Transit Services, EMS, and Sheriff, in the event of any tradeoffs, are less or meet County standards in effect at the time of tradeoff. The Developer* shall give DCA and the Tampa Bay Regional Planning Council notice of its intent to trade off land uses at least 15 days prior to the County's approval of any such trade off. The Notice shall identify the resulting impacts of the trade off in terms of land use, traffic generation, potable water, wastewater, solid waste, and affordable housing. In addition, the DRI annual report shall include information indicating cumulative amounts of development which have been approved by the County as of the annual report date and the resulting impacts on traffic generation, potable water, wastewater, solid waste, and affordable housing. Following the County's approval of any such trade off, the County shall provide to the Department of Community Affairs and TBRPC a copy of said approval. Such notice shall not require an NOPC or Substantial Deviation Determination.

- A(8). Trade offs between approved land use totals shall be limited to the minimum and maximum exchanges listed in Table 2 below:

TABLE 2
Minimum and Maximum Development for Trade Off of Land Uses

Land Use	Minimum	Maximum	Unit
Commercial	200,000	360,000	Square Feet
Furniture Store	0	100,000	Square Feet
Office	200,000	360,000	Square Feet
Mini-Warehouse	0	70,000	Square Feet
Motel	130	450	Rooms
Multi-Family Apt.	300	500	Dwelling Units
Group Care Facility	0	300	Beds

- A(9). The following limitations shall apply to any tradeoff between land uses:
- a.) Following the County's approval of any such tradeoff thru an amended Zoning Ordinance, the County shall provide to the DCA and TBRPC a copy of said approval. Such notice shall not require a Substantial Deviation Determination.
 - b.) Tradeoffs not exceeding the limits set forth in Table 2, above, shall not constitute a Substantial Deviation.

- c.) Any deviations below the minimums or above the maximum development totals set forth in Table 2, above, shall require Substantial Deviation Determination pursuant to Section 380.06. (19) Florida Statutes.
- A(10). The Project* site may continue to be used for agricultural activities, but at no greater intensity than at present. No silvacultural or agricultural activities shall be initiated on land not currently under such use.
- A(11). Any excess infrastructure capacity constructed to potentially serve development beyond that permitted with any Preliminary or Final Site Plan shall be at the Developer*'s risk and shall not be construed to vest additional Vertical Development* construction rights.
- A(12). Preliminary and Final Site Plan Applications for Vertical Development* shall be reviewed for compliance with this Development Order and shall be subject to the requirements of the 2020 Manatee County Comprehensive Plan and Land Development Code in effect at the time of such site plan application which are not specifically addressed in this Development Order or are not inconsistent with this Development Order.

B. TRANSPORTATION CONDITIONS

- B(1). The following roadway and intersection improvements shall be required. The Developer* shall, at the time of each application for Preliminary Site Plan* approval, furnish to the County* an accurate, up to date report of the amount of development, defined in terms of total p.m. peak hour trips*, identified in the DRI documentation, which has previously been permitted in the Project*. The Developer* shall not be entitled to a Preliminary Site Plan* approval which would result in the cumulative number of total p.m. peak hour trips for the Project* to exceed the applicable subphase total p.m. peak hour project trip transportation improvement thresholds unless Funding Commitments* have been obtained to ensure that the improvements required are in place Concurrent* with such subphase.

*: If requested by FDOT and Manatee County . If this improvement undergoes permitting from FDOT, an operational analysis will be required to show that the proposed geometrics will yield safe and efficient operation for design year traffic. This process may result in additional or alternative mitigation requirements.

(1) Represents 80% of Phase 1 total project traffic entering and exiting the development (i.e. 1,643 x 0.80 = 1,314 trips).

B(2). A monitoring program to verify that the actual number of trips generated by River Club Park of Commerce* is reflective of the transportation analysis and subsequently prescribed mitigative measures shall be instituted by the Developer*. The program shall provide annual p.m. peak hour project driveway counts at locations identified on Exhibit D (attached). The monitoring program shall commence one (1) year after Vertical Construction* commences. Monitoring shall continue on an annual basis until Project* buildout.

The monitoring program shall consist of weekday PM peak hour directional counts from 4:00 to 6:00 PM, with subtotals at 15-minute increments, at the specified

locations shown on Exhibit D (through volumes on SR 70 will not have to be counted.) The sum of the Project* entrance trips will be totaled in 15-minute increments and the highest four consecutive 15-minute totals will be summed to determine the Project*'s total PM peak hour traffic volume.

The required monitoring data shall be included in each Annual Report. If the monitoring results demonstrate that the Project* is generating more than five (5) percent above the number of trips estimated in the original analysis or an Annual Report is not submitted within 30 days of its due date, Manatee County shall conduct a Substantial Deviation determination pursuant to Subsection 380.06(19), F.S., and may amend the Development Order to change or require additional roadway improvements. The revised Transportation Analysis shall be subject to review by all appropriate review entities.

C. ENVIRONMENT

C(1). Vegetation, Wildlife, and Wetlands*

- a. In the event that any additional state or federally-listed species or nesting colonies of wading bird species not already identified are discovered on-site during Project* development, the Developer* shall immediately notify the Florida Fish and Wildlife Conservation Commission and Manatee County EMD and implement the recommended measures for species protection.
- b. A management plan for the Project*, for removal of nuisance and exotic species, shall be developed by the applicant and approved by EMD prior to the first Final Site Plan approval for the Project* and included in the next annual report.
- c. Post-development wetlands*, upland conservation tracts, and mitigation areas shall be regarded as preservation areas for the purpose of protecting their natural attributes. These areas shall be placed under conservation easements conveyed to Manatee County consistent with the restrictions on development provided for in Section 719 of the Land Development Code.
- d. Maintenance of preserved and post-development wetlands*, mitigation areas, and upland conservation areas shall be assured through the incorporation of a Habitat Protection Plan. The Plan shall be submitted to EMD for approval with the first Final Site Plan and included in the next annual report.
- e. The natural hydroperiod shall be restored to the post-development and on-site wetlands* to the greatest degree possible.

- f. The Project* site may continue to be used for agricultural activities, but at no greater intensity than at present. No silvacultural or agricultural activities shall be initiated on land not currently under such use.
- g. The Developer* will relocate gopher tortoises to other suitable locations on site, as approved by Florida Fish and Wildlife Conservation Commission, or contribute money to purchase suitable habitat in accordance with state guidelines and permit requirements.
- h. Wildlife corridors shall be created, preserved, and maintained between wetland systems to provide habitat for various mammal, reptiles, and amphibians, as identified on Map F, dated September 17, 2001 (Exhibit B).

C(2). Air Quality

- a. Best Management Practices shall be employed during site preparation and construction to minimize air quality impacts.

C(3). Water Quality and Stormwater Management

- a. An Environmental Assessment of the site shall be conducted by an Environmental Consultant to determine potential hazardous material locations (e.g., historical cattle dipping vats, underground/above ground storage tanks, or buried drums). Should evidence of hazardous material be discovered, further investigations will be required to determine the level of contamination and appropriate remediation/mitigative measures. The Environmental Assessment for the entire site shall be conducted and submitted for County review prior to the first Preliminary Site Plan* approval. Development restrictions may be imposed if any contamination is discovered.
- b. An Integrated Pest Management Plan (IPM) shall be developed and approved by Manatee County prior to the first Final Site Plan. The IPM shall address the following items:
 - (1) Fertilizer/pesticide/herbicide/application; and
 - (2) Related quality control and assurance procedures.

A training manual shall be developed as part of the IPM for maintenance personnel and made available on site at all times.

- c. The Developer* shall encourage the use of water conserving landscapes and the responsible use of water, pesticides and fertilizers by occupants; and the Developer* shall participate in the Florida Yards and Neighborhoods Program and follow the guidelines for lawn and landscape maintenance set

forth therein. These efforts shall be enforced through Property Owners' Associations.

- d. In order to protect surface water quality, stormwater exiting the site shall meet or exceed all applicable State water quality standards.
- e. The design and construction techniques listed below shall be utilized to minimize groundwater contamination:
 - (1) using shallow ponds;
 - (2) ensuring that ponds and swales are properly grassed;
 - (3) setting a maximum depth for stormwater storage;
 - (4) maintaining a minimum distance between pond bottoms and the top of the confining layer for the Floridan aquifer; and
 - (5) implementation of a site-specific groundwater quality monitoring system.
- f. The applicant is encouraged to meet with the Southwest Florida Water Management District's Venice permitting staff for a pre-application conference prior to engaging in any stormwater designs and prior to submitting any applications for Environmental Resource Permits. The pre-application conference will enable District staff to assist the Developer* to better understand regional hydrology and its relation to approved development in the area to ensure that the proposed stormwater system will function.
- g. Prior to any site alteration activities associated with the Project**, the Developer* shall implement a construction/ongoing surface water quality monitoring program approved by Manatee County's Environmental Management Department, the City of Bradenton, and the Southwest Florida Water Management District. The surface water quality monitoring program shall include an identification of the locations, frequency, duration of sampling, parameters to be monitored, collection and analytical methods, and reporting requirements. All water quality sample collections and laboratory analysis shall be conducted in accordance with NELAP approved methodology. The laboratory performing the analyses shall be certified by the Florida Department of Health and shall have an approved comprehensive quality assurance plan on file with the FDEP. In the event that an overall watershed monitoring program and reporting program is implemented and satisfies the intent of the ongoing surface water monitoring program of this condition, the ongoing surface water quality monitoring program may be discontinued upon the recommendation and approval of such by the County.

The stormwater management system shall be designed, constructed, and maintained to meet or exceed the applicable requirements of Chapter 62-25,

40D-4, and 62-40, F.A.C. The stormwater management system shall be designed to comply with the provisions relating to the Evers Reservoir Watershed Protection Overlay District by providing treatment, at a minimum, of 150% of that required by Chapter 62-25 and 40D-4, F.A.C.

- h. The stormwater management systems shall be designed, constructed, and maintained to meet or exceed applicable requirements of the adopted Manatee County Comprehensive Plan and Chapter 62.4, 62-25, 40D-4, 40D-40, 40D-400 F.A.C.

C(4). Soils

- a. Best Management Practices shall be employed during site preparation and construction to prevent soil erosion.

D. ARCHAEOLOGICAL AND HISTORICAL RESOURCES

- D(1). The discovery of any significant historical or archaeological resources shall be reported to the Florida Division of Historical Resources and the disposition of such resources shall be determined in cooperation with the Division of Historical Resources and Manatee County.

E. WASTEWATER MANAGEMENT

- E(1). The County has determined that there exists adequate wastewater capacity to accommodate the impacts of the Development Totals authorized in Table 1, provided that the usage does not exceed 230,900 gallons per day (See Exhibit E). The Certificate of Level of Service shall be valid until October 23, 2006. All residential development which does not have a Final Plat approval (or building permit if platting is not required) and all non-residential development which does not have a building permit prior to October 23, 2006 shall be subject to a determination by the County of whether there exists adequate wastewater capacity to accommodate the impacts of all development after this date. Such determination shall be made in accordance with the Manatee County concurrency requirements in effect at the time.

- E(2). Wastewater shall not be treated on-site or by a private utility.

- E(3). No septic tanks shall be installed on the River Club Park of Commerce* site or the Four Acre Out Parcel*.

F. WATER SUPPLY

- F(1). The County has determined that there exists adequate water capacity to accommodate the impacts of the Development Totals authorized in Table 1,

provided that the usage does not exceed 267,000 gallons per day (See Exhibit E). The Certificate of Level of Service shall be valid until October 23, 2006. All residential development which does not have a Final Plat approval (or building permit if platting is not required) and all non-residential development which does not have a building permit prior to October 23, 2006 shall be subject to a determination by the County of whether there exists adequate potable water capacity to accommodate the impacts of all development after this date. Such determination shall be made in accordance with the Manatee County concurrency requirements in effect at the time.

- F(2). The applicant shall use the lowest quality of water available for irrigation purposes. Consideration shall be given to meeting the irrigation needs of the Project* with the following sources, in order of preference: (1) treated stormwater; (2) non-potable quality groundwater. Prior to each Final Site Plan approval, the Developer* shall identify the irrigation source which will be utilized.
- F(3). In the event that the use of reclaimed water is authorized within the Evers Reservoir Watershed and reclaimed water lines are installed adjacent to the site, the Developer* shall connect to the system and require utilization of this resource to the maximum extent possible for irrigation purposes. In the mean time, irrigation of landscaping shall be limited to the use of well water or stormwater.
- F(4). Water-saving devices shall be required in the Project* as mandated by the Florida Water Conservation Act (Section 553.14, F.S.).
- F(5). The Developer* shall utilize the water conservation techniques/methods identified in the ADA*. This would include, but not be limited to: water saving plumbing fixtures, appliances, and other conserving devices; and use of native landscaping materials to minimize irrigation needs.
- F(6). The Developer* shall maintain all water lines and fire hydrants not dedicated to the County.

G. SOLID/HAZARDOUS WASTE/MEDICAL WASTE

- G(1). The County has determined that there exists adequate solid waste capacity to accommodate the impacts of the Development Totals authorized in Table 1 of this Development Order. The Certificate of Level of Service shall be valid until October 23, 2006.
- G(2). In the event that businesses using or producing hazardous materials or medical waste locate within the Project*, these materials shall be handled in a manner consistent with applicable Federal, State, and Local regulations.

H. ENERGY

- H(1). The energy conservation measures shall include: individual meters for each retail facility; installation of energy saving equipment; regular maintenance of energy saving equipment; architectural design considerations; shielding of building exteriors from the direct effects of the sun to the maximum extent practical with landscaping and reduced lighting and cooling of buildings during non business hours.
- H(2). The Developer* shall use xeriscape landscaping wherever possible to reduce both water and energy consumption.

Landscape plans shall incorporate the preservation of native vegetation and significant amounts of xeriscape landscaping to reduce both water and energy consumption.

I. RECREATION AND OPEN SPACE

- I(1). The Developer* shall be responsible for the maintenance of all recreation and open space areas within the Project* site not dedicated to the County.

J. PUBLIC SAFETY

- J(1). Within the later of: (1) three years of approval of this Development Order or (2) prior to approval of the first Certificate of Occupancy in River Club Park of Commerce*, the Developer* shall provide a site of sufficient size to all the Braden River Fire Control and Rescue District to build a 5,000 square foot building. Said site shall be provided with infrastructure including roads, water, sewer, and drainage. The location of the site shall be determined between the Developer* and the Fire District. As an alternative, the Developer*, within 18 months of approval of this Development Order*, may purchase and subsequently provide a site on Lot 5 in the Ranch Lake Plaza subdivision adjacent to the existing SR 70 Fire Station that will provide space to build a 3,200 square foot office building. The Developer* shall be entitled to Impact Fee Credits for the value of any property provided under this paragraph.
- J(2). The Developer* shall review the concepts of "fire safe communities" as provided by the Florida Division of Forestry, and implement all appropriate measures.

K. EDUCATION

- K(1). The Developer* shall make of payment \$18,171.00 to the School Board, upon request (which represents a cost of \$673.00 per student for 27 students) with a three percent (3%) adjustment per year for five years. Upon request by the School Board, payment shall be made prior to issuance of any further building permit for the multi-family residential units.

Should the Developer* employ any trade-offs between the approved land uses set forth in Table 1, Approved Land Uses, which would increase the number of residential dwelling units, then the Developer* shall make an additional payment of \$673.00 per student with a three percent (3%) adjustment per year for five years.

L. AFFORDABLE HOUSING

- L(1). An assessment of the potential affordable housing impacts of the Project* was performed as part of the Application for Development Approval*. This analysis was accepted by all reviewing agencies and determined that there is no unmet need created by this Project*.

M. GENERAL CONDITIONS

- M(1). Should the Project* significantly depart from the parameters set forth in this Development Order and the ADA*, the Project* will be subject to a Substantial Deviation Review, pursuant to Section 380.06(19), Florida Statutes. Any change to the Project* which meets the criteria set forth in Subsection 380.06(19), Florida Statutes shall require a hearing to determine if the change constitutes a Substantial Deviation.
- M(2). The Developer's* commitments set forth in the ADA*, and, as summarized in Exhibit C attached, shall be honored, except as they may be superseded by specific terms of the Development Order.
- M(3). The Developer* shall coordinate with the Institute for Business and Home Safety (IBHS) and the Manatee County Division of Emergency Management to determine the feasibility of incorporating fire and wind-resistant "fortified" design criteria into the commercial, office, light industrial, and motel facilities.
- M(4). Should the Developer* divest itself of all interest in the Project* prior to the expiration of the Development Order, the Developer* shall designate the successor entity to be responsible for preparation of the Annual Report, subject to approval by the County*.
- M(5). The Manatee County Planning Director or the Director's authorized designee shall be responsible for monitoring the Development and ensuring its compliance with this Development Order. The data necessary for monitoring the Development shall be generated by Building Permits, Certificates of Occupancy, approval of plats and offering statements, the Annual Report, and on-site observations. The enforcement of the terms and conditions of this Development Order shall be through such means as are authorized by Chapter 380, Florida Statutes, and through the Manatee County Land Development Code.

M(6). The Developer*, its successors, assigns, or transferees, shall submit Annual DRI Reports in accordance with Section 380.06(18), Florida Statutes* to the County*, TBRPC, the State Land Planning Agency, and other agencies, as may be appropriate, on November 30, 2002 (Note: this date corresponds with the Annual Report submittal date for the River Club Residential* DRI) and each year thereafter until such time as all terms and conditions of this Development Order are satisfied. Six (6) copies of this report shall be submitted to the Director of the Manatee County Planning Department or the Director's designee, who shall review the report for compliance with the terms and conditions of this Development Order and who may submit an appropriate report to the County Commission should the Planning Director decide further orders and conditions are necessary. The Developer* shall be notified of any Board of County Commissioners' hearing wherein such report is to be considered or reviewed; provided, however, that receipt and review of any such report by the Board of County Commissioners shall not be considered as a substitute, modification, or change of any conditions, or any terms or conditions of this Development Order. The Annual Report shall contain the following:

- a. Any change in the plan of development, or in the representation contained in the ADA*, or in the phasing or land uses for the reporting year and for the next year;
- b. A summary comparison of development activity proposed and actually conducted for the year;
- c. Identification of undeveloped tracts of land, other than individual single-family lots, that have been sold to a separate entity or Developer*;
- d. Identification and intended use of lands purchased, leased, or optioned by the Developer* adjacent to the land encompassed by the Development Order for the Project*;
- e. An assessment of the Developer's* and the local government's compliance with the conditions of approval contained in the DRI Development Order and the commitments that are contained in the Application for Development Approval** and which have been identified by the County*, TBRPC, or DCA, as being significant;
- f. Any known incremental DRI Applications for Development Approval* or requests for a Substantial Deviation Determination that were filed in the reporting year and to be filed during the next year;
- g. An indication of a change, if any, in local government jurisdiction for any portion of the Development* since the Development Order was issued;
- h. A list of significant local, state, and federal permits which have been obtained or which are pending by agency, type of permit, permit number, and purpose of each;
- i. A copy of any recorded notice of the adoption of a Development Order for the subsequent modification of an adopted Development Order that was recorded by the Developer* pursuant to Subsection 380.06(15)(f), Florida Statutes;
- j. A statement that all persons have been sent copies of the Annual Report in conformance with Subsection 380.06(15) and (18), Florida Statutes;

- k. Information on the actual prices and rents of housing units constructed relative to the then current Department of Housing and Urban Development (HUD) affordable housing guidelines; and
- l. An updated map showing the locations and acreage of upland and wetland preservation.

M(7). In the event of a Development Order appeal or other legal challenge of this Development Order by the Department of Community Affairs, then the Developer* shall pay all reasonable costs and fees of County* staff and attorneys relating to said appeal or legal challenge at the rate for processing this Development Order under the current Planning fee schedule. Payment of all billings by the Developer* related to such fees and costs shall be paid within forty five (45) days of submittal of an invoice.

N. FOUR ACRE OUT PARCEL GENERAL CONDITIONS

N(1). The Four Acre Out Parcel*, as identified herein in Section 6, shall be limited to two single-family residential dwelling units and recreation/open space.

SECTION 6. LEGAL DESCRIPTION

Development of River Club Park of Commerce* shall be restricted to the 245.38 acre tract of land described below:

SUBJECT TO PERTINENT EASEMENT, RIGHTS OF WAY, AND RESTRICTIONS OF RECORD.

CONTAINING 4.22 ACRES, MORE OR LESS.

SECTION 7. COMMENCEMENT OF DEVELOPMENT

Physical development of the Project* shall commence by October 23, 2003. If physical development of the Project* has not commenced within two years, or if any five year period shall expire without significant additional physical development activity on the site, the BOCC may conduct a public hearing in accordance with the Land Development Code after appropriate notice to the Developer* and may, at its option, based on testimony presented at that hearing, rescind, suspend, or take other appropriate action on any and all approvals granted herein except where the failure to carry out development is attributable to factors beyond the control of the Developer*. For purposes of this provision, "physical development" shall be the actual construction of buildings or infrastructure by the Developer* that is approved on a Final Site Plan or Plat for the Project*.

SECTION 8. BUILD-OUT

Buildout shall be completed by October 23, 2008.

SECTION 9. TERMINATION DATE

This Development Order shall expire October 23, 2010 to allow for post-development monitoring. Unless otherwise specified in this Development Order, all conditions herein shall be complied with on or before the expiration date of this Development Order.

SECTION 10. DEVELOPER* COMMITMENTS

The ADA and the four sufficiency responses submitted are specifically incorporated by reference, except as they may be superseded by specific terms of this Development Order to the extent that commitments are made in these documents, they shall be honored as Developer* Commitments. The Developer* Commitments for the River Club Park of Commerce and the Four Acre Out Parcel* are attached as Exhibit C.

SECTION 11. RESTRICTIONS ON DOWN-ZONING

Prior to the buildout date (October 23, 2008) of this Development Order, the County shall not down-zone or reduce the intensity or unit density permitted by this Development Order, unless the County can demonstrate that:

1. substantial changes in the conditions underlying the approval of the Development Order have occurred; or
2. the Development Order was based upon substantially inaccurate information provided by the Developer*; or
3. the change is clearly established by the County to be essential for the public health, safety, or welfare.

Any down-zoning or reduction in intensity shall be effected only through the usual and customary procedures required by statute or ordinance for change in local land development regulations.

For purposes of this Development Order, the term "down-zone" shall refer only to changes in zoning, land use, or development regulations that decrease the development rights approved by this Development Order, and nothing in this paragraph shall be construed to prohibit legally enacted changes in zoning regulations which do not decrease the development rights granted to the Developer* by this Development Order. The inclusion of this section is not to be construed as evidencing any present or foreseeable intent on the part of the County to down-zone or alter the density of the development, but is included to comply with Paragraph 380.06(15)(c)3, Florida Statutes.

SECTION 12. BINDING ORDER UPON DEVELOPER AND COUNTY

This Development Order shall be binding upon the Developer*, Owner*s, the County, and upon the Developer*s and Owner*s grantees, successors, and assigns.

SECTION 13. COMPLIANCE WITH CODES AND ORDINANCES

All development undertaken pursuant to this Development Order shall be in accordance with all applicable local codes and ordinances in effect at the time of permitting, and other laws, except as specifically provided herein.

SECTION 14. RENDITION

The Planning Department is hereby directed to send certified copies of this Development Order within thirty (30) days of the BOCC approval to the Developer*, DCA, and TBRPC.

SECTION 15. NOTICE OF RECORDING

The Developer* shall record a notice of adoption of this Development Order as required pursuant to Chapter 380, Florida Statutes, and shall furnish the Planning Department a copy of the recorded notice.

SECTION 16. SEVERABILITY

It is the intent of this Development Order to comply with the requirements of all applicable law and constitutional requirements. If any provision of this Ordinance or the application thereof to any person or circumstance is for any reason held or declared to be unconstitutional, inoperative, or void by a Court of Competent jurisdiction, such holdings of invalidity shall not affect the remaining portions or applications of this Ordinance, and to this end the provisions of this Ordinance are declared severable.

SECTION 17. EFFECTIVE DATE

This Ordinance shall become effective upon filing of a certified copy with the Department of State and transmitted to the Developer*, DCA, and TBRPC provided, however, that the filing of a notice of Appeal pursuant to Section 380.07, Florida Statutes shall suspend development authorization granted by this Development Order, until the resolution of said of appeal.

PASSED AND DULY ADOPTED WITH A QUORUM PRESENT AND VOTING BY THE BOARD OF COUNTY COMMISSIONERS OF MANATEE COUNTY, FLORIDA THIS THE 4th DAY OF DECEMBER 2001.

EXHIBIT C
DEVELOPER COMMITMENTS

The following are Developer* commitments set forth in the Application for Development Approval* (ADA*) and Sufficiency Responses (SR) which shall be honored by the Developer*, except as they may be superseded by specific terms of the Development Order.

1. Obtain Development Approval* and complete development pursuant to the requirements of the Settlement Agreement* dated June 14, 1988; Preliminary Development Agreement dated May 16, 2000 (for River Club Park of Commerce*); and River Club Development Order R-89-243, as amended. (ADA* page 10-1)
2. Complete Park of Commerce infrastructure buildout and land sales to end users within seven years of the commencement of development. (ADA* page 1-2)
3. Development proposed to be controlled or managed by accounting for PM Peak Hour Vehicle Trips. (ADA* page 10-2)
4. Commercial areas on the Commerce Park site are designed to serve area residents and "passers" by the regional highway system. (ADA* page 10-7)
5. The Developer* will relocate gopher tortoises to other suitable locations on site and/or contribute money to purchase suitable habitat in accordance with state guidelines and permit requirements. (ADA* page 12-2/SR1/Page 15)
6. Construction plans will identify construction limits and barriers which are to be installed prior to site development. (ADA* page 12-2)
7. Certain upland areas (inclusive of the majority of the power line corridor) will be protected from development. Such areas shall include representative pine flatwood areas. (ADA*, Environmental Assessment, page 6)
8. Development plans will provide for upland buffers adjoining all post-development wetland systems to provide some habitat for various small mammals, reptiles and amphibians. Wildlife corridors will be created between wetland systems to allow wildlife to move through the site. (ADA*, Environmental Assessment, page 7)
9. Wetland hydroperiods will be established with the preparation of construction plans. (ADA*, page 13-1)
10. Wetlands* to be preserved or mitigated are shown on Map F. The majority of on-site wetlands* will be protected in their natural condition to the maximum extent possible. The stormwater system for the various development sites will be configured to avoid significant alterations of the current watersheds for individual wetlands* thereby preserving their hydroperiods. (ADA* page 13-1)

11. Enhancement of the onsite wetlands* through the removal of exotics and maintenance of watersheds for all wetlands* are the primary methods of enhancement proposed. (ADA*, page 13-1)
12. Planned wetland alterations are set forth in the ADA*, page 13-2.
13. The Developer* will utilize stake silt screens along the limits of construction to prevent erosion and turbidity from entering wetlands*. (ADA*, page 13-3)
14. Upland conservation areas, as conceptually set forth on Map F, set forth the intent regarding establishment of said areas to be consistent with the final stormwater plan. (ADA*, page 13-3)
15. The stormwater drainage/retention easement accruing to the Owner*s of Tract III, as shown in the referenced Settlement Agreement* will be accommodated. (ADA*, page 14-1)
16. Canal and lake bank stabilization will typically be accomplished by utilizing proper slopes with sod to stabilize the soil. (ADA*, page 15-2)
17. A water truck will be utilized to minimize dust from unpaved roads during construction activities. (ADA*, page 15-2)
18. On-site fill will typically come from, to the maximum extent practicable, stormwater retention facility excavations. (ADA*, page 15-2)
19. All potable water will be obtained from Manatee County. (ADA*, page 17-1)
20. Conventional water saving fixtures will be utilized for plumbing facilities. (SR3/Exhibit G/#21)
21. Wastewater services will be obtained from Manatee County. (ADA*, page 18-2)
22. The existing on site borrow pit will be utilized as a future component of the stormwater treatment system, with modifications to accommodate future development, as approved by permit. (ADA*, page 19-1)
23. Stormwater treatment will be provided for a minimum of ¾ inch of rainfall or pursuant to the permit requirements of Manatee County and SWFWMD. This reflects the required 50% increase in treatment due to the Project*'s location within the Ever's Reservoir Watershed. (ADA*, page 19-1)
24. The predevelopment run-off rates for a 25 year 24 hour storm will be determined utilizing the Soil Conservation Service unit hydrograph method for the existing site. (ADA*, page 19-3)
25. No hazardous or toxic waste will be generated within the Project*. Any hazardous or toxic materials utilized on site will be minimal and will be handled, stored and disposed of according to state regulations. (ADA*, page 20-1)

26. Access to the Park of Commerce will come from three primary driveways: right in/right out on SR 70, east of I-75; SR 70 at the intersection of 87th Street; Linger Lodge Road.
27. Fugitive dust will be controlled by moistening exposed soil on a regular basis during site preparation and construction activities. (SR3/Exhibit G/#28)
28. Police and fire services will be obtained from Manatee County and the Braden River Fire District. Private security will be provided on site at the option of tenants and end users. (ADA*, page 25-1)
29. Private recreation facilities will be provided to meet or exceed County standards for multi-family uses. (ADA*, page 26-1)
30. All open space will be private and maintained by the Developer*, end user, or assigns. (ADA*, page 26-1)
31. Energy conservation measures will include: individual meters for each retail facility; installation of energy saving equipment; regular maintenance of energy saving equipment; architectural design considerations; shielding of building exteriors from the direct effects of the sun to the maximum extent practical with landscaping and reduced lighting and cooling of buildings during non business hours. (SR3/Exhibit G #32)

LOCATION:

- 1 - RCPC driveway connection to west project entrance from SR 70
- 2 - RCPC road west of Ranch Lake Plaza
- 3 - South project entrance north of Linger Lodge Road

Note: P.M. Peak Counts from 4:00P.M. to 6:00P.M. (Peak Hour = highest four consecutive 15 minute periods)

Also count any RCPC driveways north of location 2 not counted by locations 1 and 2 that directly access the entrance road.
